Anshul Kumar (708/IT/07) is an energetic young man whose passion for sports is endless and his reserves of energy are bottomless. His altruistic work for cricket in college has improved the cricket team phenomenally which under his captaincy brought various laurels to the college last year. As the Sports Secretary, he organized competitive tournaments for the progress of each sport. Not just this, he went on to initiate semester wise leagues for each sport which witnessed humongous participation and established a sound sports culture in the campus.

As a person, he is a very confident and cheerful young man with a warm and attractive personality and a terrific sense of humour as well. His immense respect for his country and sports is really appreciable which makes him an excellent choice for any sports management organization.
